

**TOGETHER, WE HAVE  
THE POWER TO MAKE  
A DIFFERENCE.**

## **MANY MEMBERS. ONE VOICE.**

Multiple Intervenor is an unincorporated association of large industrial, commercial and institutional energy consumers with facilities throughout New York State. We are a nationally recognized force, a shaper of energy policy, and the largest, most successful organization exclusively representing New York's large energy consumers.

Working through our general counsel, Couch White, LLP, Multiple Intervenor will actively champion your interests in regulatory and judicial initiatives and proceedings at all government levels.

Because of the positions we advance at the NYS Public Service Commission, the New York Independent System Operator, the NYS Reliability Council and the Federal Energy Regulatory Commission, we have consistently obtained lower energy prices and more savings opportunities for our members.

- Advocate for utility rates ensuring you have a reliable supply at the lowest reasonable cost
- Promote energy policies, laws and regulations that are fair to large energy consumers
- Advocate for wholesale energy market rules that produce equitable energy prices
- Channel our diverse membership into one strong voice of influence
- Provide you with regular updates about government initiatives and information sessions on programs and opportunities
- Ensure that our positions are considered as energy policies are crafted and administered
- Promote awareness of the impact of energy costs and quality on large energy consumers

*"MI helps us receive access to safe, reliable energy at the lowest reasonable cost."*

## **EVERYTHING WE DO IS POWERED BY YOU.**

As a member, you'll enjoy numerous benefits that impact your bottom line and help you make smart energy choices.

- Savings, including avoided rate increases that could total 100 times your annual dues and last for years.
- The most important, current information about circumstances and options that directly impact your energy decisions.
- Direct support including assisting you with energy contracts, evaluating alternative forms of service, dealing with environmental issues and implementing energy efficiency initiatives.

*"This is one of the best investments I make as a business owner."*

**BRIAN O'SHAUGHNESSY,  
REVERE COPPER PRODUCTS, INC.**

## A HISTORY OF SUCCESS.

- Achieved tremendous success in the NYISO process and subsequent litigation relating to electric capacity price levels, resulting in huge cost savings for our members.
- Advocated at the NYS Public Service Commission that the cost of certain transmission projects should be allocated to the benefitting utilities and their customers, thereby saving non-benefitting customers tens of millions of dollars annually.
- Negotiated favorable three-year rate plans involving the electric and gas rates of National Grid and Central Hudson, resulting in significant cost savings for our members.
- Litigated a favorable resolution of a National Fuel Gas Company gas rates proceeding that will save our members millions of dollars.
- Negotiated electric and gas rate plans for NYSEG and RG&E that eliminated or moderated rate increases sought by the utilities and ensured that our members were allocated no more than a fair share of the increases.
- Helped create programs that pay consumers for reducing, and for being available to reduce, usage during peak periods or system emergencies.

- Compelled several utilities to issue millions of dollars in refunds to our members.

*"I recouped my annual dues in just two weeks."*
